Works at the Institute of Ethnology and Cultural Anthropology, University of Warsaw. In 2011 obtained PhD in sociology in the Institute of Philosophy and Sociology, Polish Academy of Science. Graduated from Polish Philology and American Studies at University of Warsaw.

Co-funder and member of the Interdisciplinary Childhood Studies Research Team at the University of Warsaw. Main academic interests: childhood and the place children have in modern societies and cultures. She works mainly at intersection of childhood studies and medical anthropology. She wrote a book about the role of toys in the way children and childhood are socially constructed "Ants Farm. Modern Toys and the Social Construction of Children" (2012, in Polish).

Area of interest

Cultural dimensions of childhood; methodology of research with children; family and kinship; anthropology of reproduction
